The specific issues identified by the **System Administrator** are as follows:

2. **Monitor Problems:** Systems numbered **73, 83, and 55** have monitor-related problems.
3. **RAM Problems:** Systems numbered **5 and 21** have RAM issues.

These problems are hindering the efficient use of the lab for academic purposes. I kindly request the necessary steps be taken to repair or replace the faulty components to ensure the lab is fully operational.
